

## STREAMLINE<sup>™</sup> MOBILE WINDOW CLEANING SOLUTIONS

### MOBI<sup>™</sup> BASIC

The new Carry 'n' Go Mobile DI Filter filled with demineralising resin, for pure water spot-free cleaning.

- Comfortable metal carry handle
- Same handle can be used for wall mounting
- Stainless hozelock-type couplers for long life
- Stop connector on female coupler saves pure water when disconnected
- Resin changes can still be performed easily
- Larger FH3 & FH4 vessels available for wall mounting

### MOBI<sup>™</sup> MIDGET

The new MOBI MIDGET<sup>™</sup> Mobile Reverse Osmosis Filter, for on-demand water in hard water areas.

- Unit can be used in either horizontal or vertical positions
- Stainless hose couplers
- Solid tyres for outdoor use
- Robust stainless steel frame
- Four membranes provide consistent flow
- Prefiltration and DI filtration for optimum results
- Pressure gauge monitors pressure in membrane housings
- Industrial booster pump and motor for long life

### STREAMFLO-25<sup>™</sup> TROLLEY SYSTEMS

DO IT YOURSELF Simply fill the tank with tap water and it is ready for work, producing 0ppm pure water on demand!

- Compact design with retractable handles

- Solid rubber tyres, for rough terrain
- TDS hand-held meter for accurate water quality
- 25Ltr tank with easy-remove cap for refilling.
- Reliable 100psi pump- 4.5 LPM
- Rechargeable 26 AH 12V sealed gel battery plus BC4A battery charger
- Run time of over 6 Hours

**PRODUCT FOCUS**

**STREAMLINE® TRAILER SYSTEMS**

With 13" wheels for ease of towing, lockable ABS lid, gas struts, jockey wheel and tailgate as standard, this is a high quality trailer specification.

Trailer systems are extremely versatile and allow you to free up the load area in your van or even run your cleaning operation with a car. Options include simple de-ionising resin filter systems, or mini reverse osmosis filter systems for use in hard water areas, fitted and ready to go.

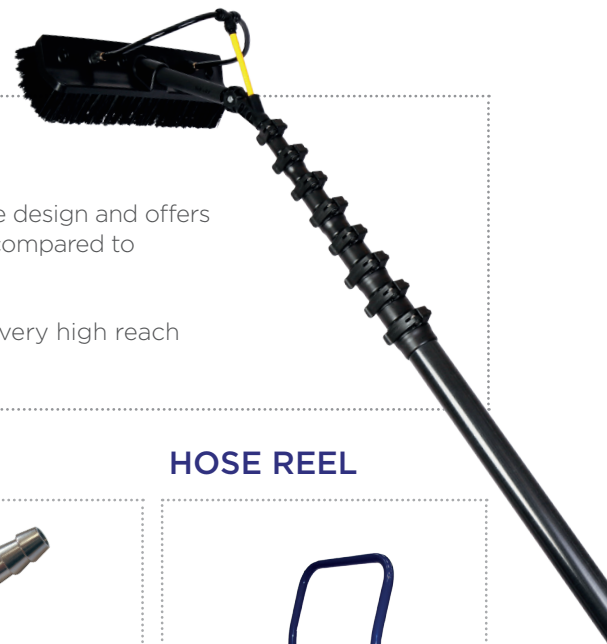

**POLES AND ACCESSORIES**

**XR™ CARBON**

The XR™ range is a first for STREAMLINE® in lateral clamp telescopic pole design and offers ease of use, stiffness, reduced weight and flexible brush and jet options compared to previous ranges.

Offering many differing pole and brush configurations to meet almost every high reach cleaning application up to 55 feet.

**COUPLING OPTIONS**

**AHA.H6**  
Anti-snag Aluminium Pole Coupling

**Q21FH-6**
