

Blocked drains and gutters? STREAMVAC™ is the answer! For use in both commercial and domestic applications, this sturdy built-to-last gutter vacuum will provide you with the solution you are looking for.

Tough and reliable, the STREAMVAC™ is ideal for difficult tasks as well as daily maintenance cleaning. Its superb performance and quality construction makes the STREAMVAC™ a great choice for gutter cleaning.

Whether it's a residential gutter 15 feet up, or a commercial building environment, the STREAMVAC™ is able to deal with all gutter types, cleaning quickly and effectively. Keeping gutters cleaned improves drainage and avoids leaks and water ingress, leading to potentially costly insurance claims.

Why STREAMVAC™

- Two motor industrial performance
- Stainless steel tiltable and removable container for easy handling and disposal of contents
- Washable PET Fleece, big surface filter for high efficiency and low maintenance costs
- Push & Clean filter cleaning system for high efficiency
- 10 metre cable for a large working radius
- Applicable for wet & dry pick up by reliable floating system
- Robust fleece filter bag standard

The STREAMVAC™ Comes Complete with...

- Twin motor 230V vacuum with standard 38mm accessories
- 7.5m 51mm non clog crush proof hose
- 3 or 6 modular carbon sections and one half section
- Aluminium swan neck with 3 crevice tool attachments
- Holdall for poles and attachments.
