Vehicle Package Solutions

Here at Streamline®, we simplify your cleaning tasks as much as possible, giving you the option of cold and hot water systems to provide you with high-quality cleaning equipment to fulfil your needs. All of our tanks are baffled to restrict water movement in transit.

Window Cleaning Vans

Streamline® offers a wide range of window cleaning systems, from the world's first flat tank system, the smartank® to the traditional stainless steel caged Streamline® system. The full range of systems gives you the operator the right kit for your requirements.

Pressure Washing Vans

Pressure Washing systems installed professionally in a vehicle is something Streamline® can offer. Whether it be hot or cold jet washing units, we try to match the right machine to your needs, and then safely securing it to your vehicle.

Multi-purpose Welfare Vans

Multi-purpose vans are the way forward in the cleaning industry today. One vehicle to suit all cleaning requirements saves time and money, therefore why not speak to us directly, to find out how you can achieve this with your vehicle.

with a flat tank system.

Package deals are more popular than ever. When window cleaners decide to get their new Streamline® system installed into a new vehicle, it makes sense to get them financed together as a package.

Package systems are where a new vehicle is packaged with a Streamline® system and sometimes poles, hose reels and other ancillaries.

They tend to be popular for three main reasons. Firstly, if you're new to window cleaning, then you'll most likely need a system and vehicle to get up and running. But even if you're a seasoned

pro, most window cleaners want to have a new vehicle, and what better time to get one when purchasing a system?

But it also makes good financial sense to package the two together, as the finance rates available are usually much better for a package deal that includes a vehicle than for just a system on its own.

We've included examples here of some of our most popular combinations, but don't forget that we will tailor each package to your exact requirement. If you'd like to get a personalised quote, just contact us today.

CITROËN Berlingo

Blue HDi 1000 Enterprise Dual Operator

The INTER 400 litre reverse osmosis window cleaning set-up is your ideal business starter package. If you're working alone the dual operator system ensures you have a back-up pump and controller if required and allows you to add another user with ease as your business grows.

- Split Charge Pro Relay System for Euro 5/6 Vehicles
- Streamline® IPR6 Internal Pole Rack system – Internal Roof Mounted
- 4 Port Stainless Steel bumper port bracket c/w stainless male couplings
- Black Linex Polyurethane Waterproof Floor Coating
- Water-proof Internal Poly Lining Kit for Van Walls
- 2 x Freestanding Stainless Steel Hose Reels c/w 8mm / 100m of Hi-vis Streamline® hose
- 22ft and 30ft Streamline® OVA8® Carbon telescopic poles and brushes
- Internal Work Light
- Full 12 Months Streamline® Warranty.

CITROËN Dispatch

Blue HDi 1400 Enterprise
Dual Operator

The new Citroën Dispatch and our SMARTANK® 650 Litre Window Cleaning Package, is the most popular business package for the many two-man operators. With these low profile tanks and by installing a false floor, the van load area can still be utilised for a multitude of purposes and the transport of other needed equipment.

CITROËN Relay

Blue HDi 335
Professional L3 H2
Multi-Purpose

The Streamline® Multi-Purpose vehicle package is designed to be used on larger commercial cleaning projects; it includes the dual operator Streamline® BRAVO 650L Reverse Osmosis Window Cleaning System complete with the Hotcube High Pressure Washer / Low Pressure Steam cleaning system drawing off the same water tank.

Vehicle Hire Solutions

Not ready to commit to purchasing a fully kitted out window cleaning van? Or perhaps you only require a van for a limited period? Instead of buying a full turn-key package we can offer Vehicle Hire on a short or long-term basis.

We are pleased to be able to offer our Window Cleaning Vans for you to hire if you aren't in a position to purchase, or if you only require a van for a short period of time.

There are lots of benefits to vehicle hire including:

- Having the equipment, you require quickly without a large cash investment.
- Allowing you to keep existing credit lines open.
- You can use other funding for working capital allowing you to maintain a healthy business.
- Fixed payment terms allow for easy budgeting and fixed overheads.
- Pay as you gain the benefit, not before.
- Equipment pays for itself with immediate return on investment.
- Having the equipment, you need, not the equipment your budget limits you to.
- Having total peace of mind knowing you have a full back-up service on all the equipment should things go wrong.

Our hire van package includes the latest models (subject to availability) professionally installed with a Streamline® water delivery unit with pumps and controllers, metal hose reel with 100m of Streamline® Minibore delivery hose, leisure battery and split charge relay system, polyurethane floor coating, pole racks and a bumper port.

Filtration options, water fed poles, water heating systems and other accessories are available for hire at an additional cost.

RFL and vehicle maintenance expenses are included, excluding fuel.

Not seeing exactly what you require?

We are more than happy to discuss bespoke packages, including size and make of van, types of equipment and accessories, and hire period options. Please get in contact with us if you would like to discuss these options further.

Provisions

- All figures provided are subject to account approval.
- All amounts quoted are exclusive of VAT which must be added at the going rate.
- The above figures do not include insurance cover on van and/or contents.

A valid insurance certificate must be provided ahead of delivery / collection of the hire van.
