

# DENVER™ 800

## High Pressure Trailer System

This is an industrial hot water pressure washer, capable of meeting the most demanding of cleaning tasks on hand such as graffiti and chewing gum removal. The well-proven Yanmar L100 diesel engine coupled via a gearbox to an Italian made Comet triple plunger pump, along with industrial grade dual lance, hose and other hardware means that this machine is your reliable number one for commercial work, day in and day out.

- ✓ Graffiti Removal
- ✓ Driveway Cleaning
- ✓ Restoring concrete & brick surfaces
- ✓ Roof Cleaning
- ✓ Chewing Gum Removal
- ✓ Transport Cleaning

## Pump & Engine Specifications

- Yanmar L100 Diesel engine, electric start
- Automatic decelerator to reduce number of revs in bypass phase
- Comet geared triple plunger pump with unloader valve – for smooth and reliable operation
- 33" Heavy duty dual lance with 1/4" MEG 25° fan nozzle
- 60-metre High pressure twin wire rubber hose – for industrial use and longevity
- Chemical injector on unloader with small filter attached – for drawing in detergents
- Heavy duty metal frame – for robustness and great manoeuvrability
- Fuel tank with level float
- Double coil vertical boiler with stainless steel casing for longevity, with thermal protection
- Flame control kit
- Electronic temperature setting

## Bowser Specifications

- Durable and corrosion resistant polyethylene tank, baffled for safe transport of water.
- Heavy duty hot-dipped galvanised steel chassis, fully approved for towing on highways
- Adjustable jockey wheel and ball coupling (eye coupling option on request)
- Mudguards, 13-pin plug and highway lighting to EU specifications
- Two rear lights housed in a steel channel for protection
- Fitted with rubber suspension, auto-reverse braking and hand parking brake.
